**TEXTAR®**

Feel the Difference.

INNOVATION. HIGH PERFORMANCE. SAFETY.  
YESTERDAY. TODAY. **TOMORROW.**

## BRAKING WITHOUT COMPROMISE.

Utilising cutting-edge brake technology, Textar brakes are precision engineered to offer maximum safety, performance and comfort. This uncompromising approach has been the very ethos of Textar for more than 100 years. And it's the reason why Textar remains a trusted partner to the world's leading vehicle manufacturers today.

## QUALITY FRICTION PRODUCTS. FOR QUALITY MARQUES.

Alfa Romeo	Changan	Fiat	JMC	Mercedes-Benz	Škoda
Aston Martin	Chery	Ford	Kia	Mitsubishi	Smart
Audi	Chevrolet	GAC	Lamborghini	Nissan	SsangYong
BAIC	Chrysler	Geely	Lancia	Opel / Vauxhall	Suzuki
Bentley	Citroën	Greatwall	Land Rover	Peugeot	Tesla
BMW	Dacia	Haima	Lexus	Porsche	Toyota
Brilliance	Daewoo	Honda	Lincoln	Proton	Volkswagen
Bugatti	Dodge	Hyundai	Lotus	Renault	Volvo
Buick	Dongfeng	JAC	Maserati	Rolls-Royce	
BYD	FAW	Jaguar	Maybach	SAIC	
Cadillac	Ferrari	Jeep	Mazda	Seat	

## TEXTAR. THE FUTURE OF BRAKING.

Others may meet current needs, but with always one eye on the future, Textar continues to break new ground. That's why Textar brake pads are fitted in future-oriented vehicles. Both the **S model** and the new **X model** of the high-tech TESLA Motors are brought to a safe stop with Textar. The new **BMW models i3** and **i8** are also equipped with Textar brake pads as standard. In this perfect partnership, the first of a new generation of vehicles meets the No.1 in brake technology.

We are also one step ahead in terms of **environmental sustainability**. A large proportion of Textar brake pads have been copper-free for several years, well ahead of any legislative demands. And at TMD Friction we also played a major role in the development of the ECO classification standards for friction materials.

Now, the TMD Friction Lightweight Technology program is focused on the development of lightweight, and consequently more environmentally-friendly friction. With this technology TMD Friction is paving the way for a new generation of aftermarket products.

While others follow standards – we set them. This is "premium" taken to the next level...

# NEVER THE CHEAPEST. ALWAYS THE BEST.

While other manufacturers focus mainly on price, with Textar the focus is always on premium quality. At TMD Friction we spend up to three years developing, testing and releasing each new O.E. product.

The knowledge gained from the development of the original equipment part is transferred across to our aftermarket program. So with Textar, you can be sure you're getting the best.

## We guarantee:

- Up to 1,000 hours of dynamometer testing
- Intensive NVH (Noise, Vibration, Harshness) and comfort engineering
- Computerised evaluation of braking performance and wear pattern
- Rigorous homologation testing in real life conditions

# HIGH-TECH. FOR HIGHEST DEMANDS.

The details make the difference. Each of our brake technology solutions is precisely tailored to a specific type of vehicle. We use 250 different formulations, some of these consisting of more than 25 raw materials – perfectly matched to the engine performance, loads, braking system and braking characteristics of each vehicle.

The result: optimum braking performance and comfort.

At TMD Friction, our own standards are far stricter than those of the ECE R90, the EU regulation for the approval of brake pads for the aftermarket. These high standards are our benchmark and set us apart from our rivals.

## QUALITY. FOR EVERY REQUIREMENT.

More than 1,500 disc brake pads, over 1,600 brake discs, 400 brake shoes and 300 kits, as well as 200 brake drums, are proof that Textar offers one of the largest product portfolios for current motor vehicles.

In the uncompromising pursuit of quality, long service life and high braking comfort, our specialists have developed more than 60 different dampening shims. Then there's e-pad, a new generation of friction that ensures optimum driving comfort and sparkling clean rims due to its special material mix. Also included in the box: all accessories required for installation.

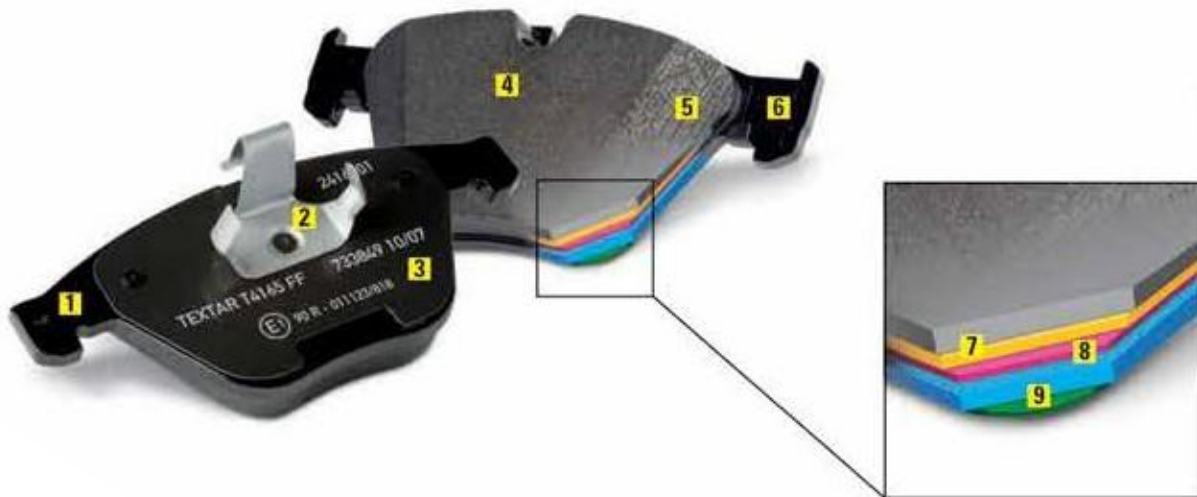

Textar's brake discs also reflect the quality standards of a market leader. Superior casting and complete surface coating, ensure high performance, optimum safety and a long service life.

Brake shoes and brake shoe kits are available for a wide range of vehicles. Brake shoe kits offer enormous advantages: with all the components needed for installation in one kit, fitting is quicker and easier.

The Textar product range also includes wear indicators, accessories, brake fluid, brake cleaner and lubricant, as well as hydraulics components\* and brake tools\*.

## INTELLIGENT DESIGN, DOWN TO THE LAST DETAIL.

Vehicle and brake-specific friction materials, pad chamfering, dampening shims and spring clips are only some of the features that make our pads so successful in the O.E. sector and aftermarket.

- 1** Backplate stamping for durable identification
- 2** Brake system-specific spring clips
- 3** Vehicle-specific dampening shims
- 4** Vehicle-specific friction material
- 5** Chamfering for improved bedding and enhanced comfort
- 6** Powder-lacquered coating for a clean finish and corrosion protection
- 7** Underlayer provides excellent shear strength, enhanced comfort and a barrier against thermal transfer
- 8** Adhesive ensuring optimal bonding between friction material and backplate
- 9** Backplate specified to meet highest requirements on material strength

## DOUBLE SAFETY:

The optimum braking result can only be achieved with brake discs precisely tailored to the brake pad. It is this philosophy that has also made us experts in terms of the right "friction partner" for our products.

The Textar brake disc range is manufactured in strict accordance to O.E. tolerances and, even now, meets the ECE R90-requirements of the future.

*TMD Friction works in close partnership with automotive and brake manufacturers. We're particularly proud of our role in the development of carbon ceramic brake discs by developing optimally matched brake pads.*

*This is just one of the reasons why TMD Friction continues to be the preferred supplier of original equipment for the high powered cars of Aston Martin, Bugatti, Ferrari, Lamborghini, Porsche and many others.*

Your personal online catalogue.

**YOU ARE  
ALWAYS ONE  
STEP AHEAD WITH  
TEXTAR**

Always stay one step ahead with Textar, by downloading the **Textar Brakebook App** for Iphone or Android. Catalogue data is updated automatically on a weekly basis giving you instant, up to date information on article numbers, OE numbers and application information.

## Vehicle listing – Brake pads

Textar – O.E. approved – aftermarket leading

Since 1913 the Textar brand has been the leading supplier of friction to the world's car and commercial vehicle manufacturers and is also a driving force in the global automotive aftermarket. At Textar our focus is on quality, safety and superior braking comfort.

From each of our international locations in Europe, America and Asia, we strive to produce premium quality friction, to consistently high standards. Our trademark is O.E. quality at the very highest level, worldwide.

Textar produces brake pads for all leading vehicle manufacturers and is synonymous in the aftermarket for:

- Original equipment quality
- Safety and performance
- Sophisticated braking Comfort
- Long serviceable Life

Our MOTTO is "If something moves, we aim to make it stop quickly and safely". Fit Textar and feel the difference.

## PArts LISTING – BrAKE PAdS

Textar – O.E. approved – aftermarket leading

Since 1913 the Textar brand has been the leading supplier of friction to the world's car and commercial vehicle manufacturers and is also a driving force in the global automotive aftermarket. At Textar our focus is on quality, safety and superior braking comfort.

From each of our international locations in Europe, America and Asia, we strive to produce premium quality friction, to consistently high standards. Our trademark is O.E. quality at the very highest level, worldwide.

Textar produces brake pads for all leading vehicle manufacturers and is synonymous in the aftermarket for:

- Original equipment quality
- Safety and performance
- Sophisticated braking Comfort
- Long serviceable Life

Our MOTTO is "If something moves, we aim to make it stop quickly and safely". Fit Textar and feel the difference.

## Parts finder – Brake Pads

The Parts Finder is designed to simplify the selection of an alternative manufacturer's part by listing other part numbers in alpha numeric sequence and not by manufacturer.

Please note that any reference to brands, trademarks or Manufacturer's part numbers is for reference and identification purposes only.

# TeRms & CONdITIONs

## WARRANTY POLICY

1. This warranty is expressed in lieu of all other warranties and representations express or implied.
2. Torre Automotive Pty Ltd (TA) warrants that all Textar Brake Pads supplied to its customers comply with the relevant industry quality standards.
3. TA warrants all Textar Brake Pads for 60 000kms from date of fitment subject to specific restrictions and/or warranty limitations which are detailed below.
4. The TA warranty covers all manufacturing defects, but does not cover normal deterioration of a product through normal use. TA warrants that the products manufactured and or distributed shall be free from defects in material and workmanship.
5. Any product, in respect of which a manufacturing defect has been found, may be returned to TA within its warranty period in order for it to be replaced, at TA's discretion. The replacement unit will be similarly warranted but only for the balance of the duration of the original warranty.
6. The warranty of the product is subject to the following terms and conditions –
  - Fitment of pads to new or skinned brake discs
  - Pads fitted to Vehicle as per Textar Catalogue or **www.brakebook.com**
  - The brake system is in working order
  - The brake pads are fitted by a qualified technician

## CONSUMER PROTECTION ACT WARRANTIES

7. In terms of the Consumer Protection Act No. 68 of 2008 (CPA), in the event that a product supplied by TA is unsuitable for its intended purpose, of poor quality, not in good working order, defective, sub-standard or wears out before the reasonable service life of the product and the product is returned to TA within six months after delivery of the product to the buyer, TA will:
  - a. Repair the product;
  - b. Replace the product; or
  - c. Refund the price of the product.
8. In terms of the CPA, if TA is directed to repair the product and, within 3 months after that repair, that repair is ineffective or a further problem with the product is discovered, TA will then replace the product or refund the price of the product.
9. TA will have the right not to provide the remedies set out above to the extent that the CPA does not oblige TA to do so in the circumstances of a particular case.

## GeNeRAL CONdITIONs, ResTRICTIONs & LimitATIONs

10. The buyer of the product must make use of TA's returns policy and claims procedure, available on its website **www.torreauto.co.za** or available directly from the company or any of its representatives. Except to the extent impermissible in terms of the CPA, no warranty claims will be approved by TA unless these returns policy and claims procedures are followed.
11. Notwithstanding the returns policy but subject to the CPA, TA reserves the right to at any stage reject the return of goods should it feel that the goods have been abused or that the goods have deteriorated through excessive use within the warranty period. TA shall then have the option to return the rejected goods to the buyer.
12. TA shall not be liable for damages resulting from delays in shipment or inability to ship due to normal production and shipment delays or those resulting from acts of God, fires, floods, wars, sabotage, accidents, labour disputes or shortages, plant shutdown or equipment failure, voluntary or involuntary compliances with any law, order, rule or regulation of governmental agency or authority; or inability to obtain material (including power and fuel), equipment or transportation, or arising from any other contingency, circumstances or event beyond the control of TA.
13. All TA products are fit for the purpose for which they have been supplied. In the case of products listed in this catalogue, products should only be used in the vehicles described and under the operating conditions appropriate to these vehicles. The warranty applies only to goods where the user can prove that such goods became defective in normal and proper use.
14. Except to the extent permissible in terms of the CPA, TA will not be liable for any loss of profit or any consequential loss or damage, from whatever cause arising, including loss of any labour or fitment costs.
15. The above warranty only applies within the warranty period, and when proof of purchase can be verified. A copy of the customer's original purchase invoice is required for all warranty claims. The customer's details should be provided with the claim.

# Brands of Torre Automotive

GABRIEL manufactures a comprehensive range of dampers that are designed and engineered to suit the conditions of South African roads. These are available in shock absorbers, spring seat shocks, struts, strut cartridges and steering dampers. GABRIEL also manufactures gas springs that ease the opening and closing of car boots, bonnets, hatches, hatchback windows and canopies. GABRIEL products are all designed and manufactured in accordance to strict ISO9001 standards, which allows GABRIEL products to be trusted by all who use them... GABRIEL "Be Safe, Be Sure".  
SHOCKS . STRUTS . GASLIFTS . CARTRIDGES . 4X4 SHOCKS

AUTOCOM has been recognized as a leading brand in the suspension and steering market for more than 35 years, and continues to remain at the forefront of the suspension market through technical agreements with global OEM manufacturers. Because suspension and steering parts are subjected to exceptional stresses during every day driving, AUTOCOM components are manufactured from only the highest quality material and are machined to OEM-defined tolerances.  
BALL JOINTS . STEERING RACKS . CONTROL ARMS . TIE ROD ENDS . LINKS . UNIVERSAL JOINTS

ECHLIN is acknowledged as a leading brand in the Engine Systems category, with its comprehensive range of under bonnet products, which include ignition, fuel, cooling, switches and senders, as well as a full range of auto electrical components. For nearly 60 years ECHLIN has remained at the forefront of product range development, boasting the widest range of radiator caps, oil filler caps, locking caps, ignition products, water pumps, fuel pumps, carburettor kits, thermostats, switches and senders, starters, alternators and auto electrical accessories in the South African automotive aftermarket.  
ECHLIN is the industry reference in range and quality.  
IGNITION . FUEL . COOLING . SWITCHES AND SENDERS . ELECTRICAL ACCESSORIES . AUTO ELECTRICAL

VDO is a global brand providing state of the art automotive electronic and mechatronic solutions capturing the automotive aftermarket. VDO is a premium brand in the Engine Systems category, and complies with the highest levels of OE standards with regards to quality, longevity, accurate fitment and safety. The extensive range of VDO quality products cover the automotive, marine, commercial, industrial and specialized OE market. The VDO brand embodies the principles of individual mobility, driving pleasure, safety, environmental responsibility and cost efficiency, and is a perfect complementary range to the Echlin brand in the Engine Systems category.  
INSTRUMENTATION . SWITCHES AND SENDERS . COMMON RAIL DIESEL SYSTEMS . TANK UNITS . TACHOGRAPHS

TEXTAR is a globally recognized brand synonymous with premium friction products with over a 100 years of experience in supplying friction product worldwide. TEXTAR is associated with only the highest level of quality, providing optimum safety and the highest braking comfort worldwide. TEXTAR also offers the widest range of products and services for passenger cars currently in the market. In the commercial vehicles sector, 70 of vehicles with drum brakes, and 50 of those with disc brakes, leave the OE assembly line already fitted with TEXTAR friction products.  
BRAKE PADS . BRAKE DISCS . BRAKE SHOES . BRAKE LININGS . BRAKE SYSTEM ACCESSORIES

MAG BRAKES a true South Africa brand in the heavy-duty airbrake market is widely acclaimed for its supply of quality airbrake parts and hydraulic cylinders to the brake industry. MAG BRAKES is not only recognized for their extensive range of airbrake, brass and steel fittings, adaptors and comprehensive range of hoses, couplings and Air brake accessories, but also for their design and installation of ABS, EBS and hydraulic brake kits for trucks and trailers in compliance with SABS specification.  
BRAKE BOOSTERS . SUZIE HOSES . COUPLINGS . COMPRESSORS . ACTUATORS . VALVES . AIR BRAKE SYSTEMS

VISION X, has been providing lighting solutions demanded by the market as well as innovating the next step for lighting for the past 15 years. With VISION X release of the HID series in 2005, VISION X was the first to provide an HID internal ballast and starter to mass market, simplifying installation and reducing external components. Again in 2008 VISION X revolutionized lighting with the LED bar originally produced for NASA's Back to the Moon Mission. Since then, VISION X has continued innovation with the Solo Pod, its heavy duty LED lighting for use in mining, industrial and commercial applications, and its LED Light Cannon, which transforms a single LED into 1000 feet of usable light. VISION X will continue to innovate in the lighting market, and live up to the brands motto of "Lighting Evolved."  
LED, HID AND HALOGEN LIGHTING SOLUTIONS . SPOTLIGHTS . LIGHT BARS . MINING EQUIPMENT LIGHTING . STRUCTURAL LIGHTING

TRUCK-LITE has been providing visibility systems since 1955 and continues to remain a leading global brand in the Truck and Trailer market and have always been at the forefront of innovation. From the era of bulb replaceable metal lights to sealed and shock resistant polycarbonate lights, from bulbs to light emitting diodes, TRUCK-LITE continues to innovate and provides quality products "from the front of the truck to the rear of the trailer."  
LAMPS . CHEVRONS . WARNING TRIANGLES . GLOBES . REFLECTORS . DRIVING LIGHTS . SPOTLIGHTS

WARN, with more than 60 years of research, development and manufacturing experience, it is undoubtedly the premium global winch brand. Manufactured for extreme performance, WARN provides a range of winches for automotive, industrial, commercial and recreational needs as well as a full range of off-road accessories. WARN'S commitment to engineering excellence can be seen in the products quality, durability and innovation.  
WINCHES . HOISTS . WINCHING ACCESSORIES

HI-LIFT jacks are just about the most versatile piece of off road equipment you can buy. It doesn't matter if you are in the Namib dessert, the African jungle, or the Bushveld, HI-LIFT jacks are designed to help you survive the most demanding situation. Manufactured to the most exacting standards, with only the highest quality material to withstand the demands of these conditions, it will never let you down.  
JACKS . LIFTING ACCESSORIES
